To Whom It May Concern:

When it comes to paving, restriping, and seal coating, there is only one company comes to mind for superior customer service, experienced and professional staff. Nelson Paving & Grading is a company that strives at making and keeping their clients happy. It is my pleasure to recommend Nelson Paving to other HOA's or other co-workers when asked for a recommendation on a paving company.

This company is always on time, on task and the work is completed as per the contract. I will continue to recommend Nelson Paving for all my paving jobs.

Please don't hesitate to contact me for further information.

Sincerely,

Patricia Moeller, CCAM
Gold Coast Enterprises, Inc.
